

Sprouts Junior Garden Club

Capture Neil before he's nailed

Will love's broken field runner continue to elude the beguiling Amy Trothplights? We don't know. But look for a photo finish!

Neil won't escape when he's taken with a Kodak Instamatic 124 camera. He'll be stopped in bright, clear color. No settings to make. Just drop in a 126 film cartridge, aim, shoot. Indoors, pop on a flashcube. It's that easy! And costs so little, it's easy to own. Come in and see us today.

State Stock Show Opens for 10 Days

LITTLE ROCK (AP) — The Arkansas Livestock Exposition opens a 10 day run, longest in its history, today at Little Rock with the traditional parade.

The parade will begin at 2 p.m. at North Little Rock and disband in Little Rock. An exhibition official said the parade would have from 90 to 100 units and would take about 90 minutes to pass a given point.

Ken Curtis of the "Gunsmoke" television series will star at all 10 performances of the rodeo. Country and western singer Fiddly Arnold will perform at the grandstand Friday, Saturday and Sunday evening. He will be followed by Jeannie C. Riley, who will perform Monday through Friday. Jim Roberts and Sandi and Salli, stars of the Lawrence Welk television show, will perform at the grandstand the final Saturday and Sunday.

Helga is a Norse name meaning "holy."

Army Detail Case Against Green Berets

By RICHARD PYLE
Associated Press Writer
LONG BINH, Vietnam (AP) — Military spokesmen said the Army would disclose today details of its case against six Green Beret officers accused of murdering a Vietnamese spy.

Sources said the disclosure also would identify the alleged "trigger man."

The path was cleared to make public details of the charges after Army legal authorities rejected for the second time a defense motion to prevent release of the information.

The alleged victim was Thai Khac Chuyen, a Vietnamese identified by the Green Berets as a double agent for the Americans and the North Vietnamese. According to defense accounts, he was ordered executed by the U.S. Central Intelligence Agency. The CIA has denied any such involvement.

Henry B. Rothblatt, civilian attorney for two of the accused men and for a third against whom charges are being held in abeyance, said release of the details by the Army is "an attempt to inflame public opinion."

"It's another example of the military authorities' unethical conduct, a deliberate attempt to prejudice the case," he said.

Attorneys for three of the accused Green Berets appealed to President Nixon today to dismiss the charges.

Slayer of an Officer Is Found Dead

CHAMPLAIN, N.Y. (AP) — A man who police said shot and wounded two border patrolmen and a customs agent at a Canadian border crossing point today was found dead in Canada after he apparently committed suicide, police report.

State police said the man, Jesus Mark White, 22, of Brooklyn, N.Y., had been charged on a federal warrant with three counts of felonious assault upon federal officers.

One of the federal agents, who underwent emergency surgery, was listed in critical condition at a Plattsburgh hospital. The other two were in fair condition.

The customs agent, Leonard Chagnon, 50, of Rouses Point, was wounded in the abdomen and was listed in critical condition. William Grinter, also 50, of Rouses Point, was shot in the hip and David Hoff, 43, of Ellenburg, was hit in the groin.

State police said Chagnon asked the assailant to step off a bus entering the U.S. from Montreal for routine questioning when the shooting erupted.

Witnesses told police the man fled through the door to the office and headed into the wooded, mountainous area.

Vietnamese Deny Charge by Proxmire

SAIGON (AP) — A South Vietnamese military spokesman today denied a charge by U.S. Sen. William Proxmire, D-Wis., that the Saigon government is trying to sell new weapons the U.S. government has supplied it.

Proxmire claimed Thursday that the South Vietnamese government has offered private arms dealers more than 5,000 of the new, U.S. M16 automatic rifles plus grenade launchers, submachine guns and pistols. The South Vietnamese spokesman said his government is negotiating with a British company for the sale of 200,000 weapons, but all are obsolete and very few are in operating condition.

He said most of the weapons were made in Britain, France, Denmark, Italy or Japan and the few U.S. arms involved were manufactured in 1917.

"The weapons... were not provided... by the United States," he said. "The Army of the Republic of Vietnam obtained the weapons before the United States involvement."

He added that one condition of the sale is that the purchaser make the weapons nonoperable, "they are for scrap metal or souvenirs only."

Bartlett Case Goes to Jury

FORT SMITH, Ark. (AP) — The U.S. District Court jury of eight women and four men hearing the trial of Ernest Bartlett Jr. of Fort Smith went to the jury room at 9:31 a.m. today.

FIRM

(from page one)

nomination.

"No," Nixon replied. He said he has followed the Senate hearings on the nomination, and "I still have confidence in Judge Haynsworth's qualifications."

He said the Senate should confirm the nomination.

Responding to a second question about Judge Haynsworth, the President said that "I was aware generally of Judge Haynsworth's background," if not of all the specifics.

And he again said he expects him to be confirmed.

Asked about his school desegregation policies, Nixon responded "We've had a lot of criticism from the South..."

There are two extreme groups, he said. "I believe we need to have a middle course between those two extremes," he said. "That is the course on which we're embarked."

"I do not consider that it is a victory for integration when the federal government cuts off funds for a school" and denies the school money it needs, he said. "That's a defeat for education," he declared, and should be used "only when it is absolutely necessary."

Group Trying to Trap Fuel in River

LITTLE ROCK (AP) — The diesel fuel that leaked from a ruptured pipeline near Russellville Wednesday into the Arkansas River is not being trapped at the David D. Terry Lock and Dam southeast of Little Rock as was planned.

"We are not trapping any oil because we cannot find it," said John Mawn of the Army Engineer's public information office here.

Mawn said today that representatives of the OMR Pipe Line Co. of Tulsa, Okla., and men from the Engineers district office cruised Pool 7 on the river Thursday and were unable to locate the fuel.

Mawn said the fuel should have formed a thin, almost transparent slick on the surface of the water.

According to the flow of the river, he said, the slick should have passed Terry Lock and Dam and traveled down the river by now. He said OMR would provide equipment to remove the fuel if the slick were located.

Israeli War Casualties Climb to 80

TEL AVIV (AP) — Israel's war casualties along the cease-fire lines with its Arab neighbors have risen to about 80 a month, Defense Minister Moshe Dayan said today.

Half of the casualties now are on the Israeli-Egyptian front, he added.

The year following the June 1967 war showed a monthly casualty rate of 50, one third of them fatal. In the second year, the rate rose to 80 per month, Dayan told an election rally.

The Israeli command said a 22-year-old Israeli civilian injured in an exchange of fire with Jordanian forces on the Jordan River Thursday died today.

A spokesman also said that an Arab saboteur was killed in a skirmish with Israeli troops near the Jordan River north of the Dead Sea.

A 59-year-old man was killed today and a woman was wounded by an explosive charge that ripped through a bus station in southwest Jerusalem. The station was almost empty. A communiqué said 12 persons were detained for questioning.

The military government of the West Bank town of Qalqilya said that Israeli troops destroyed six homes in the town today after arresting their tenants as Arab saboteurs.

The troops found weapons and sabotage equipment in the houses, a spokesman said.

It was the first time houses have been demolished in Qalqilya since the 1967 war, when the Jordanian town almost was flattened. The Israelis rebuilt it.

Obituaries

MRS. AUDIE FRANKS

Mrs. Audie Hopson Franks, 72, lifelong resident of Hope and Hempstead County, died Thursday. She was a member of the Methodist Church.

Surviving are her daughter, Mrs. Denver Dickinson of Hope, a brother, Burnie Hopson of Hope; three sisters, Mrs. Erma Thomas and Mrs. Georgia Neal, both of Hope and Mrs. Edith Walker of Denver.

Services will be held at 4 p.m. Friday at Oakcrest Chapel by the Rev. Everett Vinson. Burial will be in Memory Gardens by Oakcrest Funeral Home.

CONG (from page one)

Army Air Field, Kan. It will be deactivated at Ft. Riley and reconstituted as a reserve unit at its home station in Omaha.

The current pullout, ordered Sept. 16, will cut the authorized ceiling of U.S. troops in Vietnam to 484,000. The first withdrawal, of 25,000 men, was completed in August.

A conference to coordinate plans for the current withdrawal opened Thursday at the U.S. Pacific Command's headquarters in Hawaii.

Adm. John S. McCain Jr., Pacific military commander, said the pullout will be planned "in a manner that will ensure meeting the established authorized troop ceiling by Dec. 15."

Meanwhile, the American command said that U.S. Army helicopter gunships for the second time in a week attacked a group of Vietnamese civilians that the helicopter crews mistook for enemy troops, and this time 14 civilians were killed, and seven civilians and two militiamen were wounded.

A communiqué said the attack occurred Tuesday 23 miles west of Tam Ky when the helicopter crews from the Americal Division observed a number of "suspected enemy soldiers in black and green clothing attempting to evade." A spokesman for the U.S. Command said South Vietnamese authorities gave the helicopters clearance to fire into the area. He added that the helicopters had not been fired on.

In a similar incident on Sept. 16, American helicopter gunships killed seven civilians and wounded 17 in the Coking Delta.

In the ground war, a South Vietnamese battalion clashed with Viet Cong soldiers Thursday in the Mekong Delta 54 miles southwest of Saigon. The government said its infantrymen and supporting artillery, bombers and helicopter gunships killed 48 Viet Cong. Four government troops were killed and 24 wounded, reports from the field said.

North Vietnamese troops ambushed a South Vietnamese convoy 25 miles southeast of Saigon, killing four government soldiers and wounding five. A battalion of South Vietnamese infantrymen reinforced the convoy, and American helicopter gunships sprayed the enemy soldiers with machine guns and rockets.

South Vietnamese headquarters said eight enemy troops were killed.

U.S. B52 bombers kept up their heavy raids against suspected North Vietnamese installations along the Cambodian border north of Saigon, U.S. headquarters says the strikes are aimed at keeping the North Vietnamese army from massing

Friday, September 28,

British Will Check Progress in Ireland

BELFAST, Northern Ireland (AP) — BRITAIN'S Home Secretary James Callaghan will make a return visit to the Irish Republic Oct. 9 and 10 to check progress in restoring peace in the embattled province, officials announced today.

Callaghan will meet the principal prime minister, James Callaghan-Clark, and other leaders, including representatives of the Roman Catholic based opposition. He is the sponsor of a series of reforms designed to remove Catholic grievances against discrimination in housing, employment and local government voting.

Chichester-Clark presented the reform proposals to a grassroots meeting of his Protestant based Unionist party this morning and was given a vote of confidence. A further meeting was scheduled to discuss the report of a judicial inquiry which laid part of the blame for recent rioting of Unionist failure to remove genuine sources of Catholic resentment.

Renewed rioting Thursday night in Londonderry, flashpoint of a year of crisis, brought a brittle atmosphere back to a breaking point. British troops were out in strength to keep rival Protestant and Catholic factions apart.

Waterloo Place, where angry Catholic youths stoned and pursued police vehicles before midnight, was sealed off by 30 steel-helmeted soldiers. The military's "peace line" of barbed wire snapped shut around the Catholic stronghold of Bogside.

Pier Burns in San Francisco

SAN FRANCISCO (AP) — Fire turned 490-foot long Pier 14 into charred ruins alongside the famed Ferry Building on the central San Francisco waterfront Thursday night.

No serious injuries were reported.

troops and war materials for a new series of heavy attacks.

Seven waves of the big bombers unloaded more than 1,000 tons of bombs within half a mile of the border. The strikes ranged from 65 miles northwest of Saigon to 107 miles northeast of the capital.

U.S. spokesmen reported enemy rocket and mortar attacks dropped off sharply during the night from a recent average of about 20 to eight. They said only one attack caused casualties or damage.

Calendar of Events

FRIDAY, SEPTEMBER 26

The Hope Junior Auxiliary will sponsor a Spaghetti Supper in the Hope High School Cafeteria from 5:30 until 7:30 p.m. Friday, September 26. The price per plate will be \$1.50 for adults and 75 cents for children under 12 years of age with the profits to be used for two students scholarships.

Open house at the Hope Country Club will be held for members and their families Friday, September 26 following the Hope-Smackover football game. Hosts will be Dr. and Mrs. Don Freel and Mr. and Mrs. John Graves.

SATURDAY, SEPTEMBER 27

Friday Music Club President, Mrs. Clarence Geist, will be honored with a luncheon Saturday, September 27 at 12:30 p.m. in the Heritage House. Members are asked to call Mrs. Roy Stephenson, 777-4210, by Thursday, September 25 for reservations.

The Hope Country Club will have a fall dance Saturday, September 27, from 8:30 to 1 a.m. Host couples will be Mr. and Mrs. John Shaw, Mr. and Mrs. Monty Monts, and Mr. and Mrs. Jack Reynard.

TUESDAY, SEPTEMBER 30

The Jett B. Graves Class of the First United Methodist Church will have a potluck supper at the church Tuesday, September 30 at 7 p.m. Hostesses are Mesdames: Roy Stephenson, Graydon Anthony, Hazel Castle, K.G. Hamilton, David Griffin, and Leon Prescott.

On Tuesday, September 30, Den 1, Pack 92 of Brookwood school will meet at the Patton home, 504 N. Elm for their meeting at 7:30 p.m. All parents are asked to come and bring their own lawn chairs for the space derby.

COSMOPOLITAN CLUB MEETS

Mrs. McDowell Turner reviewed the Russian novel, "Ada" by Vladimir Nabokov, when the Cosmopolitan Club met on Tuesday, September 23 in the home of Mrs. Tom Hays, Jr. with Mrs. Jewel Moore, Jr., co-hostess. The setting was enhanced by white floral arrangements of roses and gardenias.

The president, Mrs. Hamilton Hanegan, had charge of the business meeting, and Mrs. F.M. Horton distributed new yearbooks to the 18 members present. The hostesses served a salad plate and coffee for refreshments.

SPROUTS GARDEN CLUB MEETS

The Sprouts Junior Garden Club sponsored by the Gardenia Garden Club met Wednesday in the Garland School. The meeting was called to order by the president, Thomas Boyce. Larry Watson, vice-president led the group repeating the pledge of allegiance to the American Flag, the Junior Garden pledge and the conservation pledge.

The new officers are Thomas Boyce, president; Larry Watson, vice-president; Judy Clark, Secretary; Gary Watson, reporter; Dennis Allen, song leader; and Kathy McCain, historian.

Mrs. Wallace Martin, chairman of the Junior Garden club, gave a demonstration on planting a terrarium and left it with

the club members, then she introduced Mrs. L.C. Crow and Mrs. Dale Flowers. Mrs. Crow showed various methods by which plants are propagated.

NEWCOMER WELCOMED

Mrs. Fred Ellis had an afternoon party Wednesday, September 24 to introduce Mrs. Gus Hogan, a new resident of our community. Roses decorated the Ellis home, and arrangements of Guernsey lilies were also seen. About 25 local women extended a warm welcome to the new comer, and sandwiches, cookies, and coffee were served for refreshments.

Coming, Going

Dr. and Mrs. Jim McKenzie have returned from Norfolk, Va., where they visited Seaman Bill McKenzie before he reported to Boston, Mass., for duty aboard the USS Lexington.

Mrs. Preston Frazier and two sons, Ruston, La., visited the Bill O'Neals and other friends in Hope over the past weekend.

Mrs. T.S. McDavitt went to Ochsner's Clinic in New Orleans on Monday for a general physical check-up.

Attending the funeral for David Scott in Arkadelphia Wednesday were Mr. and Mrs. Frank King, Mr. and Mrs. Bill Watson, and the Rev. Gerald Trussell.

Keep Wig on Block

A tip to the wig wearer: Keep your wig on a wig block or styrofoam head when not in use. This will retain the shape of the cap and help to maintain the styling as well.

How to Really 'Dog' It

For a thorough, pedicure, begin by soaking your feet for as long as you like in warm suds and water. Then smooth out rough spots by rubbing them either with an abrasive lotion or pumice stone. Clip toenails straight across and file for smoothness. Push back the cuticle with a cotton-wrapped manicuring stick and apply enamel. Let dry thoroughly, then apply body or hand lotion and massage it in.

EASY GOING — Cotton in a ribbed double-knit interprets the lean look favored by the young generation. A single patch pocket placed low and a contrasting paisley scarf complete the look by Sunny Lee.

Wedding Vows Are Repeated

MRS. HENDRIX BARRY SPRAGGINS

Miss Mary Elizabeth Pringle, daughter of Mr. and Mrs. Gordon Pringle of Calgary, Alberta, Canada, and Hendrix Barry Spraggins, son of Mr. and Mrs. H.A. Spraggins of Hope, were married in the First United Presbyterian Church in San Bernardino, California, on August 1. The Reverend Gilbert W. Allen officiated at the double-ring service.

After the ceremony, the wedding party and guests enjoyed a wedding dinner at the Sycamore Inn in Cucamonga, California. Then, the bride and groom left for a trip through California

and the southwestern states. The bride is a graduate of the University of Denver with a Bachelor of Arts degree in psychology and a Masters Degree in English.

The groom has a Bachelor of Science Degree in Business from Southwest Missouri State College and an M.B.A. in industrial management from Southern Methodist University.

Both have taught for two years at Southwest Missouri State College. Now, they will reside in Ames, Iowa, where they will teach at Iowa State University.

MINISTEWS FLY RIGHT: Cal-Aero Airways hires only girls under five feet. The reason is being given that the line flies Cessna 402As seating 10-12 passengers. The height of the cabin makes it easier for a smallish stewardess to move about. The publicist for the line explains it's a good gimmick and good for petite girls who want to fly right and can't because some airlines have minimum height requirements for their stew candidates.

THE GOVERNMENT Awakens: Department of Health, Education and Welfare making a stab at public relations aimed at teen oriented info on government "services." A first step employs Jackie Bennington, Junior Miss 1969, visiting Social Security headquarters in Baltimore. The earning records of 184 million Americans on 178,000 reels of tape are impressive "props" for story on "How Teens Benefit from Social Security." Teen tycoons pay taxes at the same rate as current voting-age tycoons!

WISER WOMEN? In 1900 only 56,800 women in the United States graduated from high school. In 1967 1.3 million received their diplomas. More than 5,000 women received bachelor or first professional degrees from college, 239,600 graduated from college in 1967. In March of 1968 54 per cent of all women with four years of college were gainfully employed. Interesting that 82 per cent of women 20-24 with four years of college were in the labor force rather than on the home front.

THE GREAT POT DROUGHT: Federal crackdown on smuggled marijuana (mostly from Mexico) has pot heads panicking at the short supply and sky-rocketing prices. Domestic varieties, once scorned, are being snapped up by the ton. Fakery is everywhere. Everything from catnip to oregano and alfalfa is being pawned off as the real "grass."

JUNIOR HIGH SALES HIGH: Retailers are aiming their sales sights lower, lower and lower... age-wise, that is. Major stores are opening more, more and more junior high shops and forming junior high fashion boards. The merchants have learned the hard way that junior high girls have fashion minds of their own. Many have already decided on career directions. They know what they want. The great surge toward doing their own thing via home sewing activities startled many retailers out of their daze and into the sunlight of the world of 11-13.

JOHNNY CASH revival: Folk singer, songwriter and guitarist Johnny Cash has cashed in big with his "Boy Named Sue" from the album "San Quentin," currently No. 1 in album sales. His publisher is re-releasing "Johnny Cash at Folsom Prison," containing the single, "Folsom Prison Blues," that started the current Cash boom. The number has returned to the charts in a rare revival run.

Bob Thomas at the Movies

By BOB THOMAS

Associated Press Writer
HOLLYWOOD (AP) — Eyes brows shot skyward when 20th Century-Fox recently announced that Russ Meyer had been signed to direct the sequel to the studio's big-grossing "Valley of the Dolls."

What was so shocking about that?

Only that Russ Meyer has been called "King of the Nudes" and "King Leer." He's the man who contributed to the literature of the screen such epics as "The Immoral Mr. Teas," "Eve and the Handyman," "Erotica," "Wild Gals of the Naked West," "Europe in the Raw," "Faster Pussycat, Kill, Kill," "Finders Keepers, Losers Weepers," etc.

Meyer's ascendancy to the studio which produced "Sound of Music" provides testimony on today's film market. The line between underground and above-ground films is fast fading. Yesterday's nude or sex-explicit movie is now playing prestigious theaters.

In truth, some of the country's film critics have placed Meyer's works many cuts above the usual sex films. His craftsmanship apparently had something to do with his being hired to direct "Beyond the Valley of the Dolls," not to mention his talent as a money maker.

Meyer figures that his latest release, "The Vixens," cost \$73,000 and may gross \$6 million.

"It was on the basis of 'The Vixens' that Richard Zanuck hired me, he liked it," said the stocky, mustachioed director. "He presented me a resume of the studio's properties, and I chose 'Beyond the Valley of the Dolls.' It seemed to me it presented a good basis for a teenage soap opera."

"Beyond" was originally a screen treatment prepared by Jacqueline Susann, whose husband Irving Mansfield was to produce it. Fox was obviously interested in another go-around, since the original film grossed \$20 million. But the Mansfields vanished from the project, as did her treatment. Meyer is working on a totally new story with Roger Ebert, film critic on leave from the Chicago Sun-Times.

He intends to use complete unknowns in the film and plans to spend a million dollars, plus studio overhead of \$300,000. That's a small budget for a major motion picture, but stratospheric for Meyer. Of his previous 18 pictures, the most expensive was \$90,000.

Orders Lots Sold to Pay Judgment

LITTLE ROCK (AP) — Chancellor Murray O. Reed of Little Rock has ordered the auction of 18 lots in North Little Rock to pay a judgment against J. H. Cottrell Jr. of Little Rock over a loan from the Arkansas Loan & Thrift Corp.

Cottrell, a lawyer and former state representative, failed to pay the \$14,318 judgment by the deadline Monday.

HELEN HELP US!

by Helen Bittel

WHAT CAN A MOTHER DO?

Dear Helen: I agree with "Unwanted Mother of Two, aged 21" because I too am an unwanted mother. Except I have five children and am 26 years old, divorced.

No apartment or house owner wants to rent to a woman with children but no husband. I can't really blame landlords. They have seen too many places ruined. The bad tenants spoil it for those, like me, who would take pride in her home.

Yes, we are discriminated against, but if the cards were turned, we might be the first to refuse rental to "the likes of us." If you loaned an expensive dress to a friend and she purposely ruined it, would you again loan another dress to almost the same kind of friend?

It has been said that ball control goes a long way on the football field. In total command from the opening kickoff, the Hope Yegger Junior High Bobkittens stunned the Arkadelphia Beavers for two second-quarter touchdowns and held on for a 13-0 shutout win last night at Hammond Stadium.

That one, as hoped, put the Bobkittens on the road. Now 3-0, Coach Gaylord Solomon's forces have outscored their opponents by an astounding 65-0, and Arkadelphia lost its first junior high game in several years. The Beavers are now 2-1 for the year, and they feel the emotions Hope felt for so many years of losing the big one.

Afterward, Solomon couldn't say enough about his defense, which without two regulars shut down the Beavers and never let them close to a score. And the offense kept the ball for huge chunks of time, running up yardage in the process.

Receiving the opening kickoff, Yegger started from its own 41 and roared down the field. The yards were made by David Huddleston and David Johnson, and a sweep by Johnson set up a first and goal at the Arkadelphia eight with 4:04 left in the quarter.

On that play, though, the fleet tailback was windmilled and had to sit out a few crucial plays, in which the Beavers stopped the drive cold.

Arkadelphia took the ball and ran off a quick first down as the quarter ended 0-0, but then halfback Gary Godwin fumbled at his own 29, and it was covered by Kitten linebacker Mike Waters.

With first and ten, Yegger quarterback Buddy Ingram dropped straight back and hit David Johnson across the middle for a 29-yard TD strike. Huddleston booted the PAT, and the ecstatic Bobkittens led 7-0 with 6:44 left in the half.

The Beavers came back and moved the ball a little, and after a punt exchange moved to midfield. After two straight completions, QB Scott Crawley threw once more for end Wesley Kluck, and returned to the Arkadelphia 43.

A personal foul was tacked on to that one, and the Kittens were in business.

Johnson's gains led a whirlwind move to the goal line, in which two fourth-down plays were successful. Finally, with first and goal at the nine, Ingram rolled right and hit right end Jackie Barker for a touchdown, though he dropped the ball after falling out of bounds.

As only 0:13 showed in the half, an argument resulted over the ruling for the score, but Huddleston's kick went wide and was 13-0 at the half.

Happy with the lead, Yegger took it easy in the second half with a pressurized defense and the offense still doing its stuff.

Bad breaks prevented two or three more TD's by the Bobkittens, but everyone seemed satisfied with 13-0.

Offensively, Johnson tallied 127 yards on 21 carries to lead Hope. Huddleston ran 11 times for 42 yards and had several good runs nullified, and Ingram tallied 6-24. Godwin led the Beavers with 60 yards on seven tries, but big Mack Harris was held to 48 yards on 11 attempts.

Solomon commended the defensive work of end Melvin Weston, a newcomer to football, and the outstanding efforts to tackle Wade Harris. Harris was everywhere, rushing the passer, hitting the runners in the backfield, and felling trick reverses on key downs. Leading the Arkadelphia defense were tackles Rodney Cheatham and John McNeal, and noseman Dwight Dixon joined Kluck in bothering the passer frequently.

True to form, the Bobkittens

Crucial Series in East Playoff

By HAL BOCK
Associated Press Sports Writer

There is, believe it or not, a crucial series coming up in all places, the American League's East Division.

That's the East Division where the Baltimore Orioles have had the pennant officially clinched for two weeks and unofficially wrapped up for two months.

That's the East Division where the Orioles have won 108 games and lead the second place team by 22 games.

Second place—that's where the crucial series takes place. Runner-up Detroit dropped a 7-2 decision to Washington Thursday and third-place Boston whipped New York 4-3, leaving the Red Sox just one game behind the Tigers. The two teams open a three game series... label it crucial... in Boston tonight.

Elsewhere in the American League Thursday Baltimore downed Cleveland 4-1, Chicago nipped Kansas City 2-1 in 10 innings, Oakland whipped California 7-6 and Seattle trimmed Minnesota 5-1.

In the National League, Pittsburgh swept a doubleheader from Philadelphia 5-3 and 9-7 and Houston topped Cincinnati 4-3.

Washington's victory over Detroit came on a three-hitter by Dick Bosman and assured the Senators of a 500 season for the first time since 1953.

Ken McMullen drove in three runs for Washington, one of them with his 19th home run. The victory gave the Senators, fourth in the East, and 81-75 record with six games left to play.

The Red Sox closed in on Detroit, beating the Yankees for the fourth straight time. Mike Nagy won his 12th game with late help from Sparky Lyle while George Scott and Gerry Moses supplied the offense with home runs.

Horace Clarke homered for the Yankees.

Dave Johnson slugged a two-run homer, breaking a sixth inning tie for Baltimore and Dave McNally beat Cleveland for his 20th victory of the season.

The triumph left the Orioles just three victories away from Cleveland's record 111 set in 1954. The Birds have six games remaining.

Walt Williams' 10th-inning homer carried the White Sox past Kansas City.

Joe Rudi hammered his first two home runs of the year and then Ramon Webster drew a bases-loaded walk in the ninth inning, forcing home Oakland's winning run against California.

Greg Goossen tagged two home runs, driving in three runs and leading Seattle past Minnesota.

In the National League, Pittsburgh took over third place in the East Division, sweeping in a doubleheader from Philadelphia.

Al Oliver rapped six hits-four of them in the first game-and drove in three runs to pace the double victory. Bob Moose, who no-hit the division champion New York Mets in his last start, and Luke Walker were the Pirates' winning pitchers.

Cincinnati dropped 3 games back of idle Atlanta in the West Division, bowing to Houston with John Edwards and Jim Wynn tagging homers for the Astros.

Pete Rose was the lone bright spot for the Reds, collecting four hits in five at bats to raise his average to .347 and take over the National League batting lead.

Privacy Problem
BUFFALO (NEA)—When John Rauch took over as head coach of the Buffalo Bills, one of the first things he did was install a leak-proof security system at training camp.

Now he's experiencing the opposite extreme. His Bills practice in a public park and this, being a mayoralty election year, the Bills are not allowed to lock out the public.

"We have more spectators now in one day," says Rauch, "than we had in one week at training camp."

Auburn at No. 19 Tennessee. Oregon State at No. 18 Arizona State and Washington at No. 20 Michigan.

Also on tap is the Princeton-Rutgers game at New Brunswick, N.J., the 100th anniversary meeting of the two teams who met in the first college football game on Nov. 6, 1869. Florida State plays Miami in the Orange Bowl in tonight's only major game.

Rams, Browns, Green Bay Are Picked

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — The Los Angeles Rams, Cleveland Browns, Green Bay Packers and Dallas Cowboys look like solid bets to romp to a second straight Sunday victory but Alex Webster at New York and Chuck Noll at Pittsburgh may have to settle for their first coaching defeats in the National Football League.

Kansas City, without Lenny Dawson, could have trouble with Paul Brown's surprising Cincinnati Bengals but the Oakland Raiders figure to roll over Boston in the American Football League.

After the first week, 6-7, it might be better to flip a coin or grab the underdog but here's the way it looks from here. All games are Sunday afternoon.

NFL
Los Angeles 27, Atlanta 14—Rams making home debut after opening win at Baltimore will find Falcons improved. Deacon Jones and Co. should shut the gate on Junior Coffey and Paul Gipson while Roman Gabriel works on Atlanta secondary.

Baltimore 21, Minnesota 19—One more chance for the Colts who failed in the opener. These rivals play rough, tough football with rugged defensive hitting. John Unitas is better than anything Vikings have so edge goes to Baltimore.

St. Louis 20, Chicago 13—Neither team showed a thing on offense last week. Bears were shut out by Packers and Gale Sayers was held to 36 yards. He'll do better this time. Cards' receivers much better than Bears' and Charley Johnson should be able to hit them. Cards won exhibition game 37-31.

Dallas 24, New Orleans 10—Craig Morton due back to take over for rookie Roger Staubach at quarterback for Cowboys, who clobbered Cards in opener. Saints' Andy Livingston, who ran for 142 against Redskins, will find Cowboy line much tougher.

Detroit 24, New York 21—Tempted to pick an upset win for the Giants after last week's win over Vikings but that Lion defense, especially before home folks, should contain Fran Tarkenton and Tucker Fredericksen if Giants win this one, they'll be on the way, a real key game for Webster.

Philadelphia 20, Pittsburgh 17—Eagles lost to Browns while Steelers beat Lions. Could go either way.

Green Bay 21, San Francisco 10—Packers seem to have found the combination just in time for the regular season, impressing with 17-0 shutout of Bears. Travis Williams and Jim Grabowski new running combo backs up Bart Starr's passing. The 49ers can't seem to get going with six straight exhibition defeats and an opening loss in Atlanta.

Cleveland 24, Washington 17—Vince Lombardi's men will give it the big effort and Sonny Jurgensen will pick a few holes in the Browns' pass umbrella. Cleveland, beaten at home in a big exhibition doubleheader, anxious to show Art Modell they're not that bad. Loss of Leroy Kelly would hurt but Ron Johnson sparked last week.

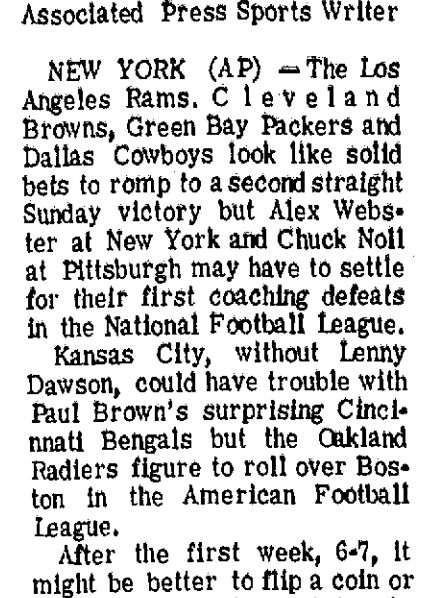

AFL
Denver 17, Buffalo 14—Pete Liske took Broncos in against Jets and could do it again against Bills if Steve Tensi still is out. O.J. Simpson still hasn't hit high gear for a twice-beaten Buffalo which has quarterback trouble. Doubtful status of Floyd Little suggests close one.

Kansas City 24, Cincinnati 14—Chiefs sold all around but offense must suffer with Len

Pro Charts

By MURRAY OLDERMAN

NFL East: Century Division Pittsburgh Steelers

Chuck Noll

PROSPECTUS—New deal all around. Next year they'll even have new ball park. Meanwhile, developing fresh look on field, spurred by incoming coach Chuck Noll. He's been defensive specialist (for Chargers, Colts), but prime concentration here is in jacking up offense. For first time in years, Steelers had decent draft, which'll help. Fact of pro ball is that it takes only one or two good guys to separate team from pack. Hunch that Noll has genius to move them up a notch.

OFFENSE
PASSING—Bowling to tradition, Noll's been going with experience in form of Dick Shiner, alternating with Kent Nix. But both, historically, are second-stringers. So he may push rookie Terry Hanratty faster than normal, trying to work him into commanding spot. Rating—C.

RECEIVING—They don't come much better than Roy Jefferson as wide threat. J. R. Wilburn, still developing, will complement him when current aches vanish. Meanwhile, Larry Elkins, picked up as free agent, has been camp surprise. Holdover Marsh Cropper helps, too. John Hilton has tight end job locked up. Rating—B+.

RUNNING—Top claimants to regular jobs are Earl Gros, Dick Hook—familiar figures. But they don't have lock on starting roles. Warren Bankston imposing figure. Rating—B.

LINE—Same unit as last year—which may be good or bad, depending on point of view. The younger brigade—guard Larry Gagner, tackle Mike Taylor—form bulwark of future. Guys like tackle John Brown hang around until bigger, better horses are developed. Rating—B.

DEFENSE
LINE—One of stronger points of Steeler play in recent dismal seasons and it's helped considerably by addition of top draftee, All-American Joe Greene. Looks like he'll edge into tackle spot, meaning Frank Parker or Chuck Hinton have to give way. Or he can threaten Lloyd Voss at end. Other end, Ben McGee, is secure. Rating—B+.

LINEBACKING—Quick progress of Ray May as man in middle promises better days. They were able to get rid of Bill Saul. Most under-publicized corner man in league is Andy Russell. Outside mate John Campbell leans on experience to get job done. Rating—B.

SECONDARY—Top-quality man, Marv Woodson at corner, has been hurt. Until he gets back, it'll be grab-bag action, with chance for rookie to squeeze in. One first-year man, Chuck Beatty, already looks solid as safety alongside Paul Martha (Clendon Thomas was dumped early in camp). Bob Hohn should manage to keep halfback job, too. Rating—B.

KICKING—Had to pick up Gene Mingo, who should qualify as travel writer by now instead of reliable place-kicker. He'll blow big ones. Bobby Walden's a notch or two better as punter. Rating—C+.

Prediction
Third in Century Division. Essentially on stimulus of Noll regime.
(Newspaper Enterprise Assn.)

Hope Tangles With Bucks Here Tonight

By RALPH ROUNTON
Star Sports Writer

Smackover vs. Hope. One of the more bitter rivalries in the state will be renewed at 7:30 p.m. tonight at Hammond Stadium, with the Bobcats leading the long series 17-15-2.

For the Cats, Smackover has been a letdown game for some time, coming immediately after Dawson out. Greg Cook the early season whiz of the league could make it real close for Paul Brown's Bengals.

New York 23, San Diego 17—the battered Jets, limping out of Denver, should bounce back strong against Chargers who shot workers in losing opener to Chiefs. Joe Namath overdue, Houston 17, Miami 14—much tougher than some think. Oilers seldom score heavily and Hoyle Granger is questionable due to injury.

Oakland 28, Boston 7—Raiders should have no trouble with puncheon Pats who haven't beaten them since 1966. Daryl Lamonica to Fred Biletnikoff should do the trick without any help from George Blands.

Denver 17, Buffalo 14—Pete Liske took Broncos in against Jets and could do it again against Bills if Steve Tensi still is out. O.J. Simpson still hasn't hit high gear for a twice-beaten Buffalo which has quarterback trouble. Doubtful status of Floyd Little suggests close one.

Kansas City 24, Cincinnati 14—Chiefs sold all around but offense must suffer with Len

Smackover brings a Winged-T offense which will try (1) to pass successfully and (2) to confuse the Hope defense by running the ball.

The factors which hold the game in balance are the Bobcats' ability to run with Artis Martin against the Buckaroos' wide-tackle six defense, the passing success of both teams against tested secondaries, and Smackover's physical condition with ten players starting both ways.

On paper, it looks like Hope. Barring a severe letdown after two consecutive wins, it will be Hope. To make it 3-1 for the fall, the Bobcats will prevail 19-7 in a game to be broadcast live over KXAR, beginning with pre-game activities at 7 p.m.

Also, the Junior Auxiliary's annual spaghetti supper, which finances two scholarships for Hope students, will begin serving at 5:30 p.m. tonight in the remodeled Hope High cafeteria. Admission is 1.50, but children under 12 will be charged only 75 cents.

20-Win Reaction
ATLANTA (NEA)—Atlanta Braves' pitcher Phil Niekro had this reaction after becoming a 20-game winner:

"I'm afraid to pinch myself... I might wake up."

Youngest Pilot
SEATTLE (NEA)—When the Seattle Pilots go looking for young prospects, they obviously don't fool around.

They have signed a 16-year-old youngster from Vernon, B.C., Wayne Dye, and he worked out with the club for three days at Sicks' Stadium. A third baseman, Dye still has two years of high school left.

CHEERFUL FLIGHT. Any football game is bound to be better with Traci Anderson of Arizona State University leading the cheers. Traci is Miss Cheerleader U.S.A.

SHAVING STROKES
by Frank Beard
It seems to me that one of the most important fundamentals of the swing is the development of a free, full-finishing, balanced position on the follow-through.

Most golfers regard the follow-through as an incidental result of a well-executed swing. It has a much more functional role than that. It is a position into which you put yourself. And the action which puts you into that position is the action most likely to insure that you hit shots properly.

Art Wall uses the follow-through to help his putting stroke. His technique involves aiming the palm of his right hand at the hole and then "throwing" it at the cup on his follow-through.

Many chronic slicers have achieved inside-out swings by aiming to "throw" their clubhead at an object to the right of their intended line of flight on their follow-through.

24 Wednesday	4:30 10:35	4:45 11:00
25 Thursday	5:15 11:20	5:30 11:40
26 Friday	5:55 —	6:20 12:10
27 Saturday	6:45 —	7:05 1:00
28 Sunday	7:35 —	8:10 1:50

PHILADELPHIA'S Leroy Keyes, Atlanta's Paul Gipson and Dallas's Roger Staubach, left to right, are three of the rookies who have burst into instant prominence in pro football, according to Murray Olderman's column today.

Murray Olderman

Newspaper Enterprise Assn.

NEW YORK — (NEA) — When the common draft between the National and American Football Leagues was promulgated as the first real step towards merger, the rookie was supposed to be dead as a force in pro ball.

"I mean," said one skeptical coach, "you got one pick out of 26 now. You got to wind up with a lot of stiffs, maybe even in the first round."

It hasn't worked out that way. Take the first week of the NFL season. All eight games were swayed and in several cases actually won by first-year men in their professional regular season debuts.

The New York press has detailed the two touchdown passes caught by Don Herrmann, an obscure 15th round draft pick from Waynesburg, which directly upset the muscular Minnesota Vikings. But let's not overlook the following exploits:

The Cleveland running attack scarcely missed a step when Leroy Kelly, the top rusher in all football, went out with a pulled hamstring muscle—rookie Ron Johnson piled up more than 100 yards on the ground in his first outing, and guard Gene Hickerson predicts he'll be as good as Kelly.

Warren Bankston plunged for winning score to lead a revival of the Pittsburgh Steelers.

Larry Smith, who was a better prospect than O. J. Simpson in the mind of scout Tank Younger, was the leading ground-gainer of the Los Angeles Rams in their crucial opening game conquest of the Baltimore Colts.

Larry Brown, an untouted eighth round draftee from Kansas State, likewise paced the Washington Redskins in Vince Lombardi's pet department, running the football.

Calvin Hill, who could reverse the whole Ivy League image of football deflation, galloped for top yardage and even threw a touchdown pass in the initial winning burst of the Dallas Cowboys.

Paul Gipson, overlooked until the second round of the draft despite an impressive

college career at Houston, was the leading prancer for the suddenly sharp Atlanta Falcons. And although Paul was not in the starting backfield, the Falcons had an amazing total of SEVEN other rookies on their regular offensive and defensive platoons: tackle George Kunz, guards Malcolm Snider and Dick Enderle, tight end Jim Mitchell, defensive end John Zook, defensive back Nate Wright, safety Jim Weatherford. Mitchell rolled for two touchdown receptions.

Even Green Bay, with one of the most veteran squads in the game, had its share of rookie help. The defensive platoon which shut out Chicago was bulwarked by the imposing figure (6-6, 285) of Rich Moore at tackle. And Dave Hampton got considerable exercise as a running back (keeping high-priced Donny Anderson on the bench).

There were other vital contributors in the early games: defensive end Fred Dryer giving the Giants some semblance of a pass rush; the Cleveland Browns' secondary manned by Freddie Summers and Walt Sumner; Rufus Mayes starting at tackle for the Bears; Gene Washington topping the 49ers in pass receptions; Leroy Keyes getting the feel of halfback after missing most of training camp with the Eagles; Larry Watkins picking up yardage for the Detroit Lions, who'll soon get Albie Taylor, their prize rookie runner, off the injured list.

And for the critics who say that a rookie quarterback must have three years of intensive programing before he can begin to catch on to the nuances of pro ball, there was Roger Staubach scrambling like a bigger than life-size Fran Tarkenton for the Dallas Cowboys and even stopping still to throw two touchdown passes.

Meanwhile, over in the other league, rifle-arm Greg Cook has been sensational for the surprising Cincinnati Bengals. And the Denver Broncos are living equally high with two rookie corner backs, Grady Cavness and Bill Thompson, who stifled

Broadway Joe. There is even in Buffalo a rookie named O. J. Simpson.

Two Arrested, Charged With Armed Robbery

MEMPHIS (AP)— Two men arrested after a volley of shots at a police roadblock as they fled in a car across the Memphis-Arkansas bridge were convicted here Thursday of armed robbery.

Wayne Terrell Lee, 24, and Charles Cornelius Hall, 20, were found guilty of the Feb. 21 robbery of a Memphis food store, during which four persons were herded into a frozen food locker that was closed behind them.

The men were arrested at Memphis March 5 following the robbery of Universal CIT Loan Co. in Forrest City, Ark. State Police units pursued them from Forrest City into Memphis, where the roadblock had been established.

Both men were sentenced to serve up to 13 years each in Tennessee before being turned over to Arkansas authorities to face trial at Forrest City.

Dynamite Is Found at Chicago Center

CHICAGO (AP) — Investigators made an hours-long search of the Civic Center Thursday night after a bomb of 17 sticks of dynamite was found on an upper floor of the 13 story downtown building.

A telephone company coin collector found the device two hours before it was set to explode. The dynamite, wired to a battery pack and an alarm clock, was in a telephone booth outside a courtroom on the 30th floor of the building which houses courts and government offices.

If it had exploded, "it would have blown off part of the roof and most of the north wall" of the three top floors of the glass-and-steel structure, a member of the city's bomb and arson unit said.

The Federal Building, scene of the trial of eight persons charged with conspiring to incite riots during the 1968 Democratic National Convention, also was searched after a caller reported a bomb had been planted in there, investigators said.

HOPE NEWSPAPER HISTORY:
The 1929 consolidation joined the
two principal newspaper lines
dating back to within five years
of Hope's incorporation in 1875.

1899 — Star of Hope found-
ed as a weekly by Claude Mc-
Corkle; converted to an evening
daily by his son, Ed. McCorkle,
publishing until the 1929 con-
solidation.

The opposition line:
1880 — Hope News founded by
Lewry Brothers.

1883 — Sold to Withers & John-
son, name changed to Hope Tele-
graph.

1883 — Later in same year
resold to Claude McCorkle and
renamed Hope Mercury.

1884 — Sold to James H. Betts,
who named it Hope Gazette, under
which name it was published con-
tinuously until 1922, published by
Betts, J.L. Tullis, and Col. W.W.
Folsom the last-named dying in
1916.

1916 — Purkins & Gates bought
the weekly Gazette and made it
a companion paper to their new
daily, Arkansas Evening Herald
— but both papers suspended in
1922.

1926 — Plant was revived by
Curtis Cannon as the weekly
Hempstead County Review.

1927 — Cannon sold plant to
D.A. Gean, who established the
morning Hope Daily Press.

1929 — C.E. Palmer and A.H.
Washburn consolidated The Star
and the Press as Hope Star, with
Palmer as president and Wash-
burn secretary-treasurer.

1957 — Following Mr. Pal-
mer's death Mrs. Palmer be-
came president.

1969 — With Mrs. Palmer's
retirement from Star Publish-
ing Co. Washburn became 76
per cent owner and president
— balance 24 per cent being held
by Texarkana Newspapers, Inc.

Rioters Are Arrested in Michigan

By KARL MANTYLA
Associated Press Writer
ANN ARBOR, Mich. (AP) — Nearly 100 demonstrators were arrested early today when 250 state and city police moved into a student-occupied office building at the University of Michigan.

The police entered at the request of university President Robben W. Fleming, a university spokesman said.

The students had occupied the Literature, Science and the Arts building late Thursday in a dispute with the school administration over who should run a new university bookstore.

It was not immediately known what charges would be lodged against them. Those arrested included the president and vice president of the school's student government.

Except for one brief clash between police and a group of demonstrators, there was little resistance to the arrests.

A volunteer first aid worker reported treating eight demonstrators for minor cuts. There were no reports of injury to police.

William Haber, assistant to Fleming, said damage to the building was one door kicked in and one window broken.

A crowd of 3,000 to 4,000 people—most of them students—gathered outside the building and jeered police as they moved in.

City and university authorities were rebuffed in two earlier attempts to serve an injunction ordering the students out.

About 400 students left the building after the university obtained the injunction but the others stayed put.

The students were protesting a decision by the school's regents to put the bookstore under the control of the administration.

The students want control by a student-faculty committee.

Pro-Viet Cong Group Riots at Harvard

CAMBRIDGE, Mass. (AP) — A score of youthful Viet Cong sympathizers assaulted staff members and broke windows in a 10-minute raid Thursday on Harvard University's Center for International Affairs.

University officials said four persons were injured by the gang, which left before police reached the scene.

The youths entered the building shouting, "We're going to close this place down!" and "We are SDS!" an apparent reference to the antiwar students for a Democratic Society.

Ronald Brunner, a research fellow conducting a seminar on political participation, was pushed to the floor and kicked in the groin.

Dr. Benjamin H. Brown, an adviser, was cut on the ear when one of the group hit him on the head and pushed him down a flight of stairs.

Maury Feld, a librarian, was wrestled down a stairway when he tried to call police. His telephone was ripped out.

An elderly secretary was treated for a bruised hip.

Asst. Prof. James Jurth said he was punched repeatedly in the face.

"We're doing this to you for what you're doing to the Vietnamese people!" one attacker yelled.

Outside the building, other members of the gang pelted windows with rocks and used red paint to stencil slogans on the walls, including, "NLF will win."

The National Liberation Front is the Viet Cong's political arm.

As they left, the demonstrators chanted "Ho, Ho, Ho Chi Minh, NLF is bound to win."

Witnesses said no Harvard students were recognized among the gang members and police said there was no evidence any were involved.

Smilin' Cub

CHICAGO — (NEA) — The Chicago Cubs may have lost the National League pennant, but at least one player hasn't lost his sense of humor.

Al Spangler had this to say after a recent game about Leo Durocher's feud with newsmen: "It was a real funny scene. Twelve reporters came in here (the dressing room) single file, walked to the middle of the room and then stood in a circle, interviewing one another."

Derailment at Camden

CAMDEN, Ark. (AP) — Two empty oil cars of a Missouri Pacific freight train derailed inside the city limits here this morning, forcing the closing of Progress Street.

The train was en route to Little Rock.

Officials said the cars posed no danger and a crew should have the track cleared by noon today.

Czech Leader Seems to Be on Defensive

By GENE KRAMER
Associated Press Writer

PRAGUE (AP) — Communist party leader Gustav Husak appeared to be on the defensive today against Czechoslovak neo-Stalinist extremists as the party Central Committee probed for the second day into alleged errors of the Alexander Dubcek era.

At issue in the intraparty struggle was how deeply to purge the leadership of Communists influential prior to the 1968 Soviet invasion.

Dubcek and about 10 of his supporters on the 181-member Central Committee have been publicly and harshly criticized the past few weeks on charges of bungling relations with the Soviet Union to the point where the invasion was inevitable.

The extremists favor purging from the Central Committee 30 to 40 members, including those added at a clandestine party congress held during the first week of the Soviet occupation.

Dubcek, succeeded by Husak as party chief last April, is expected to lose his seat on the 11-member Presidium, supreme organ of the party.

Moderates were somewhat encouraged, however, that soon after Husak finished his opening report on tasks ahead, the floor was given to Cernik and even to parliamentary leader Josef Smrkovsky.

Travel and Recreation

By JIM CROSSLEY

If you can't tell the players without a scorecard, how can you tell a gulch from a butte without a tape recorder?

Talk about guides to the outdoors. Auto Tape Tours Inc., has introduced a new technique that tames nature until it rivals a Disney subject on Sunday night television.

To thoroughly relish a tour of a national park, what is needed is an expert guide in the car explaining as the family moves from point to point.

Guide books are fine. A personal guide is even better.

Auto Tape Tours Inc., puts the guide in the car.

Rental tape recorders are obtained at locations near the entrances to the parks.

- Slip in the cassette.
- Snap on the recorder.
- Follow directions on driving speed.

• Turn the recorder off when the car pauses for the occupants to use their cameras or take in a view. Turn it back on when the driving resumes.

The prerecorded tape explains what you are seeing and, like a good teacher, adds depth and perception to the trip.

Six North American national parks had the service during the past summer: Great Smoky, Glacier, Rocky Mountain, Grand Teton in the United States and Banff and Jasper in Canada. Tourists have accepted the idea so readily that the recorders and tapes should be showing up almost anywhere.

Tapes pass on interesting comments on the geology and history of the area.

In Glacier National there's a thorough discussion of glaciers, of course, how these ice rivers exist even though temperatures aren't excessively low, how they are formed from snow and how they flow downhill.

At Grand Teton, there are tales of the region's early

Way Off Pace But She Is 90

SALINA, Kan. (AP) — Mrs. Dora Spangler finished 34 strokes off the pace Wednesday in the nine-hole championship of the Kansas Senior Women's Golf Tournament. But she had one distinction over the other entries. She is 90 years of age and didn't begin playing golf until 10 years ago.

More About Your Social Security

By KEN HARGIS

If you have any questions regarding social security, I invite your letters. Just send them to Social Security, Ken Hargis, Box 1319, Texarkana, Texas 75501. Your name will be printed in the Hope Star unless you request that it be withheld.

Q. I understand that social security pays benefits to students who are under 22 years of age. Does this apply to all students?

A. No. To receive benefits, the student must be the child of a worker who is receiving retirement or disability insurance benefits or the child of a deceased worker.

Q. My 18 year old son is receiving a social security benefit because he is still in high school. He needs only 1/2 credits to graduate. Will his checks be stopped if he does not take a full course load?

A. His checks will be stopped if he is not attending school full time. Find out from the school whether he is considered to be a full time student based on the courses he is taking; then get in touch with this office. We normally accept the statement of the school as to whether a student is full time or part time.

Q. If I start receiving disability benefits, will this reduce the amount of my retirement benefits later on?

A. Absolutely not. In fact, if you are disabled for one or more years before age 65, your retirement benefit will often be higher. This is because the years of disability can be excluded in figuring average earnings for your disability and retirement benefit. If you are still receiving a disability payment when you reach age 65, it will be automatically converted to a retirement benefit in the same amount.

Q. My wife worked under social security for ten years, but has not worked in the last five years. I have heard that in case of her death our children could receive monthly benefits. Is this correct?

A. Yes. Beginning with February, 1968, children can receive benefits on their mother's social security account if she is "fully insured", regardless of when she worked. To be fully insured at the present time requires from 1 1/2 to 4 1/4 years of work, depending upon the age of the worker.

Q. I have had medical expenses of about \$10 a month this year. Should I request payment from Medicare now or wait until the end of this year?

A. You may request payment now, but with small continuing expenses we suggest that you wait until after the end of the year and make one claim for all of your expenses in 1968. If you insure a large medical expense, and your doctor does not accept an assignment, you may wish to file a claim as soon as you receive the bill. If you need help to prepare the claim, get in touch with your social security office or representative.

mountain men and their fur-trading adventures.

The wild life and scenic aspects of the parks are important subjects for the tapes.

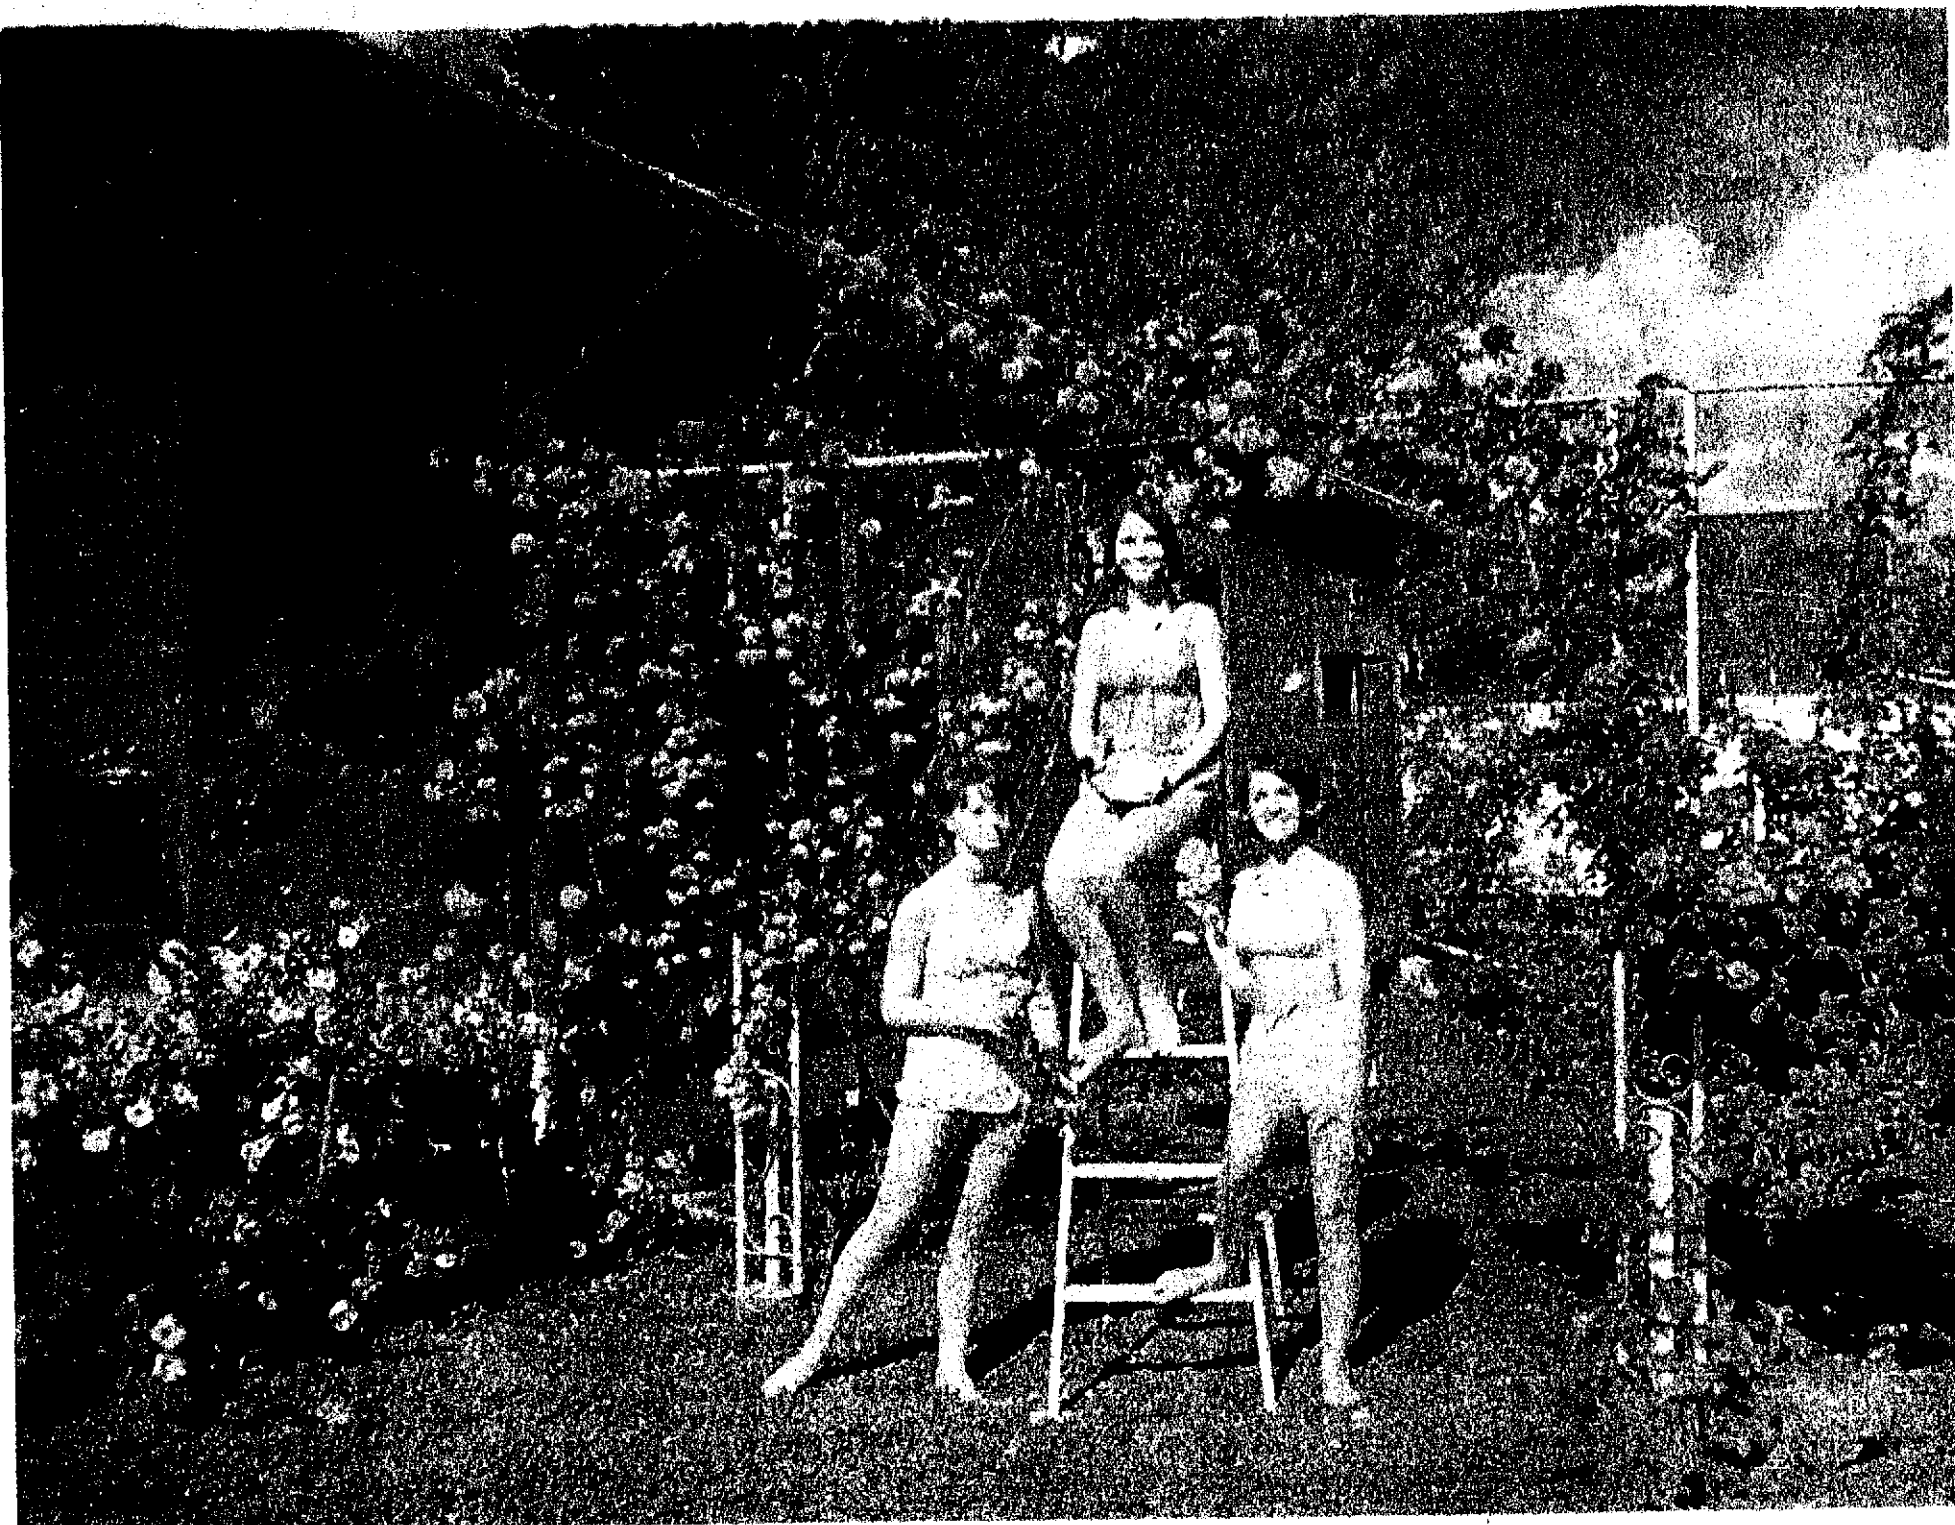

In Glacier it is pointed out that every large and important mammal native to the United States, except four species, is found in the park. Reproduced are the distinctive sounds of birds and animals that might help identify them.

The fall tour of the Smokies, when the leaves have turned, is a fantasy of color. The tape for the 30-mile drive, either direction, between Gatlinburg and Cherokee points out some of the 150 kinds of trees found in the luxuriant woodlands.

Having a commentator with you in the comfort of your car gives you forewarning of sights coming around the next corner of the road. Safety precautions, information on things to do and even information on where to purchase supplies and necessities are right with you.

Exploring nature with music scored in (there is background and "bridge" music) It's the latest and probably here to stay. There's a tour-tape club being formed and a charter membership is rewarded with discount rights and a subscription to a club newsletter.

Sightseers on the go, who want to experience the most they can absorb in a limited time will appreciate the innovation. The tapes are not a substitute for a horseback tour or a back-packing hike.

The Pictures

The roses are long gone—but their memory lingers on.

These 4x5 Ektachromes of Red Kennedy's rose arbor, 501 S. Spruce St., where shot by the editor May 9. Originally scheduled as "A Salute to Summer," they were so delayed in publication by technical problems that we retitled them "Farewell to Summer!"

The Hope girls, left to right in both pictures: NANCY MARTINDALE, daughter of Dr. and Mrs. Jud Martindale.

DONNA CONNELLY, daughter of Mr. and Mrs. James W. Connelly.

JUDY CROOM, daughter of Mrs. Ellen Croom.

There was a big crowd at the camera-shooting session on S. Spruce St. last May, and we apologize for the long delay in publication. We knew the pictures were O.K., of course, when the transparencies were returned three days later from the Dallas processing laboratory where all newspapers send their hand-camera color film. But turning them into press plates for publication is the toughest job in the history of the graphic arts.

The Star feels it is near the end of three years of experimental work and shortly will be able to put full-color pictures into print the same week they are photographed.

If today's publication lives up to its electrical measurements we believe we have finally arrived at a shop routine which will make frequent use of color pictures practical.

The Process

In today's 19th Color Show we have returned to the use of the Tri-Mask method in preparing the color transparency for enlargement on the 8x10 Berkey Color Separator—a step that we bypassed in the previous experiment (18th Color Show, Venezuelan Macaw, May 9, 1969).

The Macaw picture was successful despite the omission—but the same procedure failed when applied to today's production. We couldn't bring up the red, therefore returned to making the Tri-Mask for color balance—and it worked.

Eastman Kodak Co. helped recently by bringing out a new manual and computer disc for the Tri-Mask process. Previously the Tri-Mask had been governed by exposure only—now its making is governed by both exposure and development. Previous Tri-Masks had been made with a development time fixed rigidly at 5 minutes, producing masks that were too dense—but for the correction of which there was no data. Kodak's new computer wheel corrects both development and exposure—and the first thing it did for The Star was to reduce our Tri-Mask developing time from 5 minutes to 3 1/2. And the Berkey machine responded by bringing off a good set of separations on the first run.

We continued, however, with one departure that was used in making the Venezuelan Macaw production May 9. We knocked out the process magenta (red) ink and used instead today a commercial spot-color red—the brighter red which is employed in printing advertisements. It is a growing practice in process color work—and we picked up the idea from W.W. (Billy) Thomasson of the weekly Newnan (Ga.) Times-Herald, who wrote an article for the April issue of American Press magazine, Wilmette, Ill.

If today's combination—a correct Tri-Mask and commercial red ink instead of magenta process ink on the press—is successful, then we have established a shop routine which will enable us to publish four-color work within two or three days of the picture-taking.

Constellations

There are 88 constellations in the sky now accepted by astronomers. The ancients recognized only 48 but extensive areas in the southern skies were not visible to them.

Native Home of Wheat

Wheat is unknown in the wild state but is believed to have been originally a native of the Euphrates region in southwestern Asia. Its cultivation antedates all recorded history.

Million Visit National Park

GLACIER NATIONAL PARK, Mont. (AP) — Mr. and Mrs. Harold R. Cross of Farmington, Maine, have become the one-millionth visitors to Glacier National Park this year.

William J. Briggie, superintendent of the park said the pre-emptive high for the park visits was in 1962, the year of the Seattle World's Fair. Then 966,100 visitors entered the park.

Arkansas Aid to Mississippi; Color Run Today

By Anderson, who managed a fund drive here for the Gulfport (Miss.) Rotary club in behalf of the destitute left by Hurricane Camille, has forwarded to the Gulf Coast town checks totaling \$285.

Today he reported receiving an acknowledgment letter from Sam K. Williams, Gulfport Rotary secretary, which reads in part as follows:

"Since we do not have the mailing addresses of all these good friends, we ask that you please express to every one of them our sincere and heart-felt thanks for this great contribution they have made to our recovery.

"There are many signs of rebuilding all along the coast now. Most of the trash, especially the trees and brush, has been cleared away. It is still just sickening, though, to drive along the beach front and see what used to be fine homes now just a pile of rubbish.

"For many years, before my retirement, I was manager of the Gulfport area chamber of commerce. During my term as manager we had built a most attractive chamber office right on U.S. Highway 90 and the beach. If I do say so myself, this was one of the most attractive chamber of commerce offices I have ever seen. This lovely building was completely destroyed. They are now operating from a trailer.

"Thanks again for all you have done, and I hope you will tell all the generous people in Hope that we greatly appreciate what they have done. It will help a lot."

Our 19th experimental 4-Color Show appears on the back page of today's edition. Despite the long delays between picture-taking and actual publication we feel we are close to establishing a reliable shop routine which will make process color a regular thing.

The details will be found in the captions under the two-picture layout on today's back page. We erred in this column yesterday when we referred to today as marking the "20th Color Run." It is the 19th. The color-page captions were constantly referring to the 19th and its predecessor, the 18th, so when it came time to write yesterday's "Bread" our subconscious took over and high-graded it to "the 20th."

Thieves Take Newspaper Machines

Seven newspaper vending machines were stolen and the Dixie Drive-in was burglarized Thursday night, City Police reported.

Two Arkansas Gazette machines were taken from the 7-Eleven store on east Third; two Shreveport Times machines were taken at the 7-Eleven store on west Third, and three Texarkana Gazette machines were taken from Oaks Cafe and from the 7-Eleven store and from the old Ideal Cafe site in downtown Hope.

At Dixie Drive-in the concession stand was entered and the thieves took hamburger meat, corn dogs, french fries and hot dog buns, officers said.

Two charged for Stamp Violations

LITTLE ROCK (AP) — Leon Young of Harrisburg and Ben T. Mays of Blytheville have been charged in U. S. District Court here with accepting food stamps in payment for nonfood articles.

Cong Bases Found Near Saigon

By GEORGE ESPER
Associated Press Writer
SAIGON (AP) — U.S. paratroopers found two Viet Cong sapper bases less than 15 miles from Saigon in the past 24 hours, and the commander of the U.S. 2nd Field Force said the enemy "is doing his damndest" to infiltrate the demolition and sabotage experts into the South Vietnamese capital.

Saigon may be in for a "furry of terror," said Lt. Gen. Julian Ewell. He reported that captured documents indicate the Viet Cong and North Vietnamese will rely heavily on sapper attacks in the winter-spring campaign which the U.S. Command expects to start in November.

Troops of the 82nd Airborne Division's 3rd Brigade found the first sapper camp late Thursday afternoon 12 miles northwest of Saigon. Its store of munitions included 30 pounds of plastic explosive, 550 blasting caps and 30 feet of detonating wire.

The base was hidden in the high elephant grass of a swamp and consisted of about 25 camouflaged huts. It apparently was abandoned just before the Americans, acting on intelligence information, swept into the area. Food found in pots was still warm.

Another patrolling paratrooper unit found the second jungle base this afternoon eight miles west of the capital.

The sappers were caught in their bunkers, and first reports said seven of them were killed. There was no report of U.S. casualties.

The two camps were the closest enemy bases to Saigon found in more than seven months by the 82nd Airborne's 3rd Brigade. It defends the capital's western and northwest flanks but is one of the major units to be withdrawn from Vietnam in the next three months.

The U.S. Command belatedly announced today that the second round of U.S. troop withdrawals began five days ago.

The first unit to leave the country under President Nixon's order to withdraw 35,000 more troops by Dec. 15 was the 238th Combat Support Company, an Army Reserve unit from Texas. The 90-man company left Sunday, but the command did not announce the departure until today because of what it termed "a slippage in reporting."

Headquarters said the next unit to leave will be the 172nd Transportation Company, a 180-man Army Reserve organization from Nebraska. The 172nd, commanded by 1st Lt. Thomas J. Bruner of Crescent, Iowa, will fly Saturday to Forbes

Figures This Country Needs Quite a Bit More Selective Worrying

By HAL BOYLE
NEW YORK (AP) — What this country needs, besides a good two-for-a-quarter cigar, is more selective worrying.

Indiscriminate worrying is bound to give even the best of brains the bends. And that is what is happening to a lot of people. They hog worries, large and small. They feel that if they don't crinkle their foreheads over every problem facing mankind, nothing will be done about it.

This is pure egotism. No eye can shed a tear for every woe on earth, and no single mind can resolve all the conflicts that face the human race.

\$100 Reward!

Seven newspaper vending machines were stolen in downtown Hope this morning—and the newspapers maintaining such machines here are jointly offering a reward of \$100 cash for information leading to the arrest and conviction of the thieves.

Reward payment will be made at the office of Hope star, 212-14 S. Walnut St., which will be reimbursed pro rata by the out-of-town papers.

Vending machine losses were as follows: Arkansas Gazette—2, Shreveport Times—2, Texarkana Gazette—3. Obviously it took an organized crew to load up and haul off seven machines. But they are dangerous evidence for the persons in whose possession they are found.

Hope Star didn't lose any machines on this particular raid, but has been hit in the past. On this issue all newspapers stand together, call for police action, and offer a cash reward shared by all companies.

No vending machine ever contains much money. The vital issue is the protection of these public service machines from theft or vandalism.

Please help us by giving information either to the police or Hope Star office.

Firm Cutoff Date Harmful, Says Nixon

WASHINGTON (AP) — President Nixon said today that proposal for a firm cutoff date on U. S. military involvement in Vietnam "undercut and destroy" his efforts to hasten a peace settlement.

"I think this is a defeatist attitude, defeatist in terms of what it would accomplish," Nixon told a news conference.

"Any incentive for the enemy to negotiate is destroyed if he is told in advance that if he just waits for 18 months, we'll be out anyway," the President said.

Nixon, who made no opening statement, was asked at the outset about various proposals on an arbitrary cutoff.

The President said he knew they were made "with the best of intentions," but "if allowed—if an arbitrary cutoff were proposed, that inevitably leads to perpetuating and continuing the war until that time" and destroys any chance of ending the war before that time.

Nixon thus rejected suggestions advanced in the Senate—including those of the new Republican leader there, Sen. Hugh Scott—for a U. S. declaration that all American troops will be out of Vietnam by some prescribed date.

Scott had suggested that the United States get all its forces out of Vietnam by the end of 1972. Sen. Charles E. Goodell, R-N.Y., proposed legislation to force full withdrawal by Dec. 1, 1970.

As the questioning shifted to nonwar questions, Nixon was asked about his previously stated hope to avoid controversial Supreme Court appointments, and whether he would withdraw Judge Clement F. Haynsworth's

purchase a new stadium and pro football team on his own? Why doesn't novelist Jacqueline Susann write a Broadway musical based on Louisa May Alcott's "Little Women"? How soon will the next great ice age begin? When it does, which will freeze first, Dallas or Fort Worth, Minneapolis or St. Paul?

Are the debates in the United Nations increasing measurably the problem of polluted air in America?

U.S., Russia to Talk Over Middle East

UNITED NATIONS, N.Y. (AP) — The Middle East is up for Big Two discussion tonight at a private dinner meeting between Secretary of State William P. Rogers and Soviet Foreign Minister Andrei A. Gromyko.

Gromyko will be host for the session at the headquarters of the Soviet mission to the United Nations. Rogers had Gromyko to dinner Monday night.

The meeting tonight is the final conference scheduled between the two men during their attendance at the U.N. General Assembly, and U. S. officials said the Nixon administration has not decided whether to invite Gromyko to Washington to see the President. Neither side has raised the matter, they added.

\$4.25 Billion Hike in Social Security, Cost of Living Lock Asked

By G.C. THELEN Jr.
Associated Press Writer
WASHINGTON (AP) — President Nixon has proposed \$4.25 billion hikes in Social Security reforms and benefits plus a new, automatic locking of the system to cost-of-living increases.

The President outlined his unexpectedly broad proposals for Social Security change Thursday to a Congress apparently eager to go him one better on better liberalization.

Beneficiaries have seen inflation whittle almost 8 per cent from their Social Security checks since the last increase in March 1968. Accordingly, the chief executive asked a catch-up, 10 per cent, across-the-board benefit hike effective for payments in April, 1970.

To meet the cost, President Nixon recommended an increase in the maximum earnings subject to Social Security levies from \$7,800 today to \$9,000 beginning Jan. 1, 1972. But he also asked that legislated contributions for both employers and employees be pared between 1970 and 1976.

Instead of a jump from 5.2 per cent to 5.7 per cent over that period, the President wants the range 5.1 per cent to 5.5 per cent. The current rise is 4.8 per cent for both worker and employer through 1970.

Hope on List Considered for Housing

LITTLE ROCK (AP) — The federal Department of Housing and Urban Development is considering eight sites in Arkansas as prototype sites for a new federal housing project, "Operation Breakthrough."

Glen Jerstad of North Little Rock, who is serving as state coordinator of the program, said Thursday that the Arkansas sites were the cities of Little Rock, Pine Bluff, Hope, Marvell, Marianna and Mount Ida; Logan County and Maumelle, a new development northwest of North Little Rock.

Operation Breakthrough is a program under which the federal government will pay private industry to build low-cost housing.

15-Year-Old Gets Life for Murder

FORT SMITH, Ark. (AP) — A 15-year-old youngster was sentenced to life imprisonment here Thursday after he was convicted of first-degree murder.

The Circuit Court jury deliberated for 50 minutes before returning the verdict against Jack Stanley III. He was convicted of killing his stepfather, Edmond Reynolds, 54, at their Fort Smith home last March 13.

Circuit Court Judge Paul Wolfe issued the sentence.

Pressure May Cause Nixon to Make New De-escalation Move

By CARL P. LEUBSDORF
Associated Press Writer
WASHINGTON (AP) — Amid increasing Republican pressure for faster U.S. withdrawal from Vietnam, Senate GOP leader Hugh Scott has hinted President Nixon might announce a new de-escalation move shortly.

"I know he has in mind further de-escalation as conditions permit," Scott said Thursday in defending the administration's Vietnam policy.

Another GOP senator said privately the President told him at midsummer that if current efforts to end the war failed by fall, the administration would try something else.

Growing Republican apprehension over the political impact of the war surfaced Thursday with speeches by Sen. Charles E. Goodell of New York and Charles H. Percy of Illinois, and a move by a handful of younger House Republicans to force a total U.S. pullout.

An aide said Rep. Donald W. Riegle Jr. of Michigan and other GOP House members hope to circulate a letter urging support for a proposal to put a Dec. 31, 1970, limit on the 1964 Gulf of Tonkin Resolution. This was cited by the Johnson administration as the authority for sending U.S. forces to Vietnam.

Texarkana Man Found Guilty of Mail Fraud

TEXARKANA, Ark. (AP) — Howard C. Reynolds, 42, of Texarkana, Tex., was found guilty of mail fraud in U. S. District Court here Thursday after the jury deliberated about 90 minutes.

Reynolds was released on \$2,500 bond before being formally sentenced Oct. 2.

Reynolds was charged with sending a chain letter to persons who had lost sons in Vietnam, telling them that if they did not break the chain they would receive \$1,024 within 30 days.

A postal inspector testified that from 100 letters, Reynolds could have made more than \$34,000 if the chain wasn't broken.

Reynolds testified Thursday that he did not know chain letters were illegal.

Ask State to Operate Ferry

LITTLE ROCK (AP) — State Rep. John E. Miller of Melbourne and citizens from his area are to appear before the state Highway Commission Oct. 30 to ask the agency to take over and operate the ferry at Guion on the White River.

The ferry is currently privately operated and cars are charged 50 cents each.

Miller and his group wants the department to operate the ferry, which transports about 500 vehicles at a time across the river between Iard and Stone counties, as a free ferry.

U.S. Air Force Major Wayne O. Jefferson Jr., son of retired U.S. Army Colonel and Mrs. Wayne O. Jefferson of Gainesville, Fla., is attending the Air Force Air Command Staff College at Maxwell AFB, Ala., its 10-month program and part of the Air University's education system. The Major has completed a tour of duty in Vietnam. He attended high school in Washington, D.C. and received his commission and B.S. degree in 1959 upon graduation from the U.S. Air Force Academy. His wife, Bonnie, is the daughter of Mr. and Mrs. Emmett E. Wassell of Rt. 4, Hope, Ark.

ATLANTIC CITY, N.J. (AP) — Union leaders sought today to head off White House intervention in a threatened strike against six major railroads next week.

CHICAGO (AP) — Attorneys present their opening arguments today in the trial of eight men charged with conspiracy to incite riots during the 1968 Democratic National Convention.

A Rain-free Weekend Is Predicted

By THE ASSOCIATED PRESS
A rain-free weekend is being forecast by the U. S. Weather Bureau.

The forecast is calling for fair skies through Sunday with afternoon temperatures in the low to mid 80s, dropping into the 50s at night.

A cold front moving over the Rockies is expected to provide only a reinforcement of cool, dry air for Arkansas by late Sunday.

Overnight lows over the state included 50 at Fayetteville, 54 at Harrison, 55 at Pine Bluff and Little Rock, 53 at Memphis, 58 at Texarkana and 50 at El Dorado. No rainfall was reported for the 24-hour period ending at 7 a.m. today.

This is an Associated Press story printed in a San Antonio newspaper: "The owners of a lost-and-found cat have been found. . . but now the cat is found-and-lost. . . Air Force T-57, Richard Bird and family lost Tiger on a stop at a pie shop in Fulton, Ark. Aug. 24 enroute to Kentucky. . . returning they stopped at the shop and asked the owner, Mrs. Freda Davis, about Tiger. . . Still no cat. . . Soon after the Birds left, their pet showed up. But the Birds failed to leave their names or address with Mrs. Davis. . . the story made its way to a local newspaper. . . The Birds spotted it and telephoned Mrs. Davis—only to learn that Tiger had disappeared again.

The decree naming the new Cabinet said that "in accordance with the guidelines of the great transformations which the country needs," the government has chosen "persons whose political backgrounds are really revolutionary."

In one post there was no change. Foreign Minister Gustavo Medeiros was retained. He now is in New York attending the U.N. General Assembly.

Hardin Accepts Melon for the President

Secretary of Agriculture Clifford Hardin accepted the 153-pound watermelon in behalf of President Richard Nixon Friday morning in the East Garden of the White House, Congressman John Paul Hammerschmidt's office notified the Star this morning.

The President, scheduled to accept it in person, had to change plans due to a news conference. Also present at the presentation was John Davies, assistant to the president, along with every major television network and news service in both the U. S. and Britain.

Mrs. Jim Pruden and Mrs. Lynn Harris, scheduled to be present and make the presentation did not make it in time.

Mr. Davies told those present that a group of Georgia farmers had issued a challenge and promised to produce a larger watermelon.

WASHINGTON (AP) — Agriculture Secretary Clifford Hardin today accepted a 153-pound watermelon from Hope, Ark., for President Nixon in a ceremony in the East Garden of the White House.

The melon, the largest grown at Hope since 1935, was grown by Lester Kent of Hope, which builds itself as the watermelon capital of the world.

Hardin said, however, in accepting the present from the Hope Chamber of Commerce, that he had been talking with some Georgia watermelon grower who couldn't believe the weight of the Hope melon. Hardin said they intended to produce a larger one.

Among those attending the ceremony were Rep. John Paul Hammerschmidt, "B-A-R-K", and Mrs. Robert Webb of Little Rock.

Military Has Taken Over Bolivia

LA PAZ, Bolivia (AP) — Bolivia became today the fifth South American government to come under military rule. A movement headed by Gen. Alfredo Ovando Candia, commander in chief of the armed forces, overthrew the civilian government of President Luis Siles Salinas.

The new regime seems more left-leaning than most military governments. The Cabinet is made up of young dissident leftist politicians from the Christian Democratic party and the Nationalist Revolutionary party, plus independents and young military men.

This trend opens a new chapter in this nation, which has been independent for 144 years and has undergone 185 coups or quick changes of government in that time.

In a message directed to the peasants, Gen. Ovando declared the new government will "defend the rights of the peasants, bringing into realization action that will make more profound the Bolivian agrarian reform" of 1953. Through its history the Bolivian economy has depended almost entirely on tin.

"The revolutionary government is on your side," Ovando told the peasants.

A message given out at Government Palace said the government "will fulfill the mandate which the people in the great majorities have been demanding." Among other things, Ovando promised to carry out a plan of "heavy industrialization."

The decree naming the new Cabinet said that "in accordance with the guidelines of the great transformations which the country needs," the government has chosen "persons whose political backgrounds are really revolutionary."

In one post there was no change. Foreign Minister Gustavo Medeiros was retained. He now is in New York attending the U.N. General Assembly.
